#1055CA/CDA & 1055TA/TDA TRUSS STYLE BENCH (CEDAR/TITAN) ASSEMBLY INSTRUCTIONS

- CEDAR BENCH:** Mount bench brackets (Key 1) on side of dock joist approx. 32" apart.
TITAN BENCH: Mount bench brackets (Key 1) to Titan bench planks (Key 2A) using eight (8) 5/16" flange nuts (Key 4) and eight (8) 5/16" x 1-3/4" carriage bolts (Key 3). Mount bench brackets (Key 1) on side of dock.
- Attach bench brackets using four (4) 3/8" x 3" hex bolts (Key 6), four (4) 3/8" flange nuts (Key 7) and four (4) anchor clips (Key 5).
NOTE: Spacers (Key 8) are used only when installing bench on backside of 8' x 8' platform section or 8' x 12' super platform sections. Install spacers on top mounting bolt in between bench bracket (Key 1) & dock side frames (*this provides clearance for decking.*)
- CEDAR BENCH:** With bench brackets secured to dock frame, place cedar bench planks (Key 2) on top of brackets (using pre-drilled holes in brackets, mark and drill 3/8" holes through cedar planks). Attach using eight (8) 5/16" flange nuts (Key 4) and eight (8) 5/16" x 1-3/4" carriage bolts (Key 3)

IMPORTANT: Check the mounting bolts annually to ensure they are tight and secure.

LOCATING YOUR BENCH

INSTALL WHERE TWO DOCK SECTIONS MEET.
DO NOT INSTALL IN THE MIDDLE OF A DOCK SECTION.

CAUTION: MAXIMUM WEIGHT CAPACITY IS 400 LBS.

CAUTION: DO NOT ALLOW CHILDREN TO PLAY ON BENCH.

CAUTION: DO NOT STAND ON BENCH.

CAUTION: DO NOT JUMP OR DIVE FROM BENCH.
