DAKA FREE STANDING CANOPY SYSTEM

ITEM NUMBER:

12074
12076

SPECIFICATIONS:

- NO BOAT LIFT REQUIRED- simply add a free-standing canopy to the side of your dock.
- No need to snap a cover on your pontoon every day.
- Great for pontoons equipped with sea-legs
- Works with all DAKA standard width canopies
- Recommended four post systems for canopies 24' or less. Six post systems for canopies 26' and longer
- Secure free standing canopy system to the lake bottom using included pipe augers
- Wheel kits available to make install and removal easier.

A Free Standing Canopy allows you to cover your pontoon without having a lift. Just tie the pontoon to the dock and let it float in the water. No more fighting with the pontoon cover and all those snaps and poles. Works great for pontoons that are equipped with lifting legs i.e. sea-legs. Four and six post systems available with anchor pipes to hold in place. DAKA canopies sold separately.
