## DAKA BIRD DETERRENT

ITEM NUMBER:

*tbd*

### SPECIFICATIONS:

- Keep the seagulls and most other species of birds off of your canopy
- Will not harm birds
- Easy to install: clamps provided
- Works on DAKA standard height canopy or DAKA Maverick Pro canopies
- Universal fit: will fit most any brand canopy
- String with monofilament fish line—corner to corner and along the outside perimeter. Line not provided.
- Sold in pairs: may require 2 to 3 pairs
- 2 pairs recommended for 24' or less canopies
- 3 pairs recommended for 26'-32' canopies

Keep the unsightly mess that seagulls leave behind off your canopy. The fish line acts as an invisible barrier to the birds, stopping them from landing on your canopy and making a mess.
